AMNESTY INTERNATIONAL NEW ZEALAND FREEDOM CHALLENGE '07

www.freedomchallenge.org.nz

- In 2007 Freedom Challenge focused on the **Irrepressible Internet Repression** campaign.
- Our teams worked on behalf of two prisoners of conscience – a Chinese journalist imprisoned for 10 years for sending an e-mail and an Egyptian student imprisoned for writing a blog criticising his government.
- They also collected over **50 signed gumboots** to send to Yahoo! in California as part of the Boo Yahoo! campaign, asking it to reboot it's policies on repression of freedom of speech on the internet.
